

PrestoSpace to the Rescue

Demonstrating the PrestoSpace-chain

Workshop
14.-15. May 2007
Vienna – Austria

The IST-Project PrestoSpace demonstrates LIVE the results achieved so far!

On the basis of a (fictitious) preservation-task the numerous solutions and tools will be used to perform the whole task from planning the preservation, digitizing the fragile and endangered materials, restoring the valuable contents and enriching the collection with automatically generated metadata to managing and monitoring the whole preservation process, addressing future storage management, bringing back nearly lost or heavily damaged AV-heritage and presenting the results in a modern online-environment.

Austria Trend Hotel Rathauspark is located in the city center near City Hall and Burgtheater. Originally built in 1880, the former palais-style residence of celebrated author Stefan Zweig was converted into a superior 4* hotel. After a complete renovation in 2004, the hotel offers again first-class service in a stylish ambiance and tranquil atmosphere.

Only 10 minutes walk to the PrestoSpace venue!
