

Final PrestoSpace Workshop - ROME - 21/22 January 2008

See ALL the PrestoSpace technology, from new machines for audio, video, and film digitisation, to the Turnkey System for hosting your own Digital Audiovisual Archive.

This workshop is intended to run live !

More than 10 different demonstrations will run simultaneously during the Demonstrations Sessions : including audio, film and video scanning tools, to tools, guidelines, and services to manage the migration process and the storage, to audio, video, and film restoration tools, and eventually the Publication Platform and the Turnkey System for rendering audiovisual contents accessible...

Location:: Rome, RAI premises, Viale Mazzini 14. [Map](#) Nearest underground: **Lepanto**

Registration: this workshop is open to all, and has no registration fee. But we do need an idea of attendance, so please email Marguerite van Voorthuizen at Beeld & Geluid, to let us know you plan to attend: mvvoorthuizen@beeldengeluid.nl

Accommodation: Participants should make their own arrangements. A list of hotels, with RAI discount rates, is provided below.
